

SAVE THE DATE: THURSDAY, APRIL 30

BFT Members:

Are you concerned about the impacts of new standardized testing on teaching and learning, on narrowing of the curriculum, on instructional time? Do you want time to talk with colleagues, parents, students, administrators and community members about the schools our students deserve?

IF YES,

We URGE you to attend a FREE screening of a 1-hour film, *Defies Measurement*, sponsored by BFT.

A film by Berkeley Arts Magnet parent Shannon Puckett that explores these questions, and the imperative to address the needs of the whole child in the age of corporate education reform.

Thursday, April 30th
Berkeley Technology Academy Auditorium
2701 Martin Luther King Jr. Way
Pizza at 5:30 p.m.
Film & **Discussion** 6:00-7:30 p.m.
